

## Corrections made to 2018 Report to the Water Commission

June 6, 2018. Corrected GPCD graph on page 44 “total GPCD” to 99 GPCD for 2016 and 2017. Previous totals were only total of residential and non-residential and did not include non-revenue water.

August 27 2018. Found that Snowbowl’s reclaimed consumption was double counted in the water management summary. Reduced the total of Commercial from 434 AF to 105 AF. Reduced the total reclaim sold from 2,189 to 1,860 AF. Updated Notes section on page 51, section 11-3 “Water Reclamation Plant Flow Report” to reflect total billed of 1,860 AF.
